darwish.matzain1@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#)

I am a Bachelor of Computer Science student with a minor in Software Engineering at Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA), seeking an internship from 9 March 2026 to 21 August 2026. I aim to apply my technical skills, contribute effectively to team projects, and gain hands-on experience in a professional development environment. Highly motivated to learn, collaborate, and deliver value while supporting the success of projects.

PROJECTS

[Jeli Tourism Website -- Full Stack Web Application \(PHP, JS, HTML\)](#)

A community-focused website built end-to-end, handling both the server logic and the interactive front end

[Recluse Board - Multipurpose Dashboard App \(Python Qt6\)](#)

A desktop command center combining productivity tools like a Pomodoro timer, audio player, quick-launch shortcuts and real time widgets

[UMPSA Auto Login - Chrome Extension \(Forked and Enhanced\)](#)

A browser extension refined to support UMPSA-related websites, streamlining the login process with automated credential handling
